Terms & Conditions for Remote Bidding Services

Phillip Arnold Auctions
"Passionate about property since 1979"

Please find below the Terms & Conditions for using our Remote Bidding Services for telephone, proxy or internet bidding.

In order for your bid to be considered, you will need to complete and sign the Remote Bidding Form overleaf, ticking the service you wish to use, and ensure that the form, along with the required deposit and identification documentation, arrives to us via e-mail at least 48 hours prior to the auction date. TELEPHONE bids will be limited therefore completing the form will not automatically guarantee you a slot. You will be notified of this as soon as we receive your form, or via a customised e-mail if you have registered your interest against a particular property.

Please note that you will need to complete a separate form for each lot you wish to bid on.

For PROXY bidding you must state the maximum proxy bid price to which the Auctioneer is authorised to bid on your behalf and this amount must be to an exact figure. For example, the wording such as "£100 over the highest bid in the room" will not be accepted.

For TELEPHONE and INTERNET bidding, the "bid price" can be left blank.

The required deposit to register to bid is £2,000 plus the buyer's fee of £750 plus VAT. This is to be paid by bank transfer to our corporate client account, details of which will be provided to you once the correct documentation has been received.

In compliance with Money Laundering Regulations all buyers are required to provide a certified copy of a passport or photo-card driving licence and a copy of a recent utility bill or financial statement (issued within the last 3 months). These must accompany the signed Remote Bidding Form for your bid to be accepted.

If you are acting on behalf of another party than you will need to provide the documents detailed above for both yourself AND all named buyers, together with a valid letter authorising you to bid on the buyer's behalf. If acting on behalf of a company, then the above documents PLUS a copy of the Certificate of Incorporation will be required for the bid to be accepted.

The Auctioneer reserves the right to bid up to the reserve price for a particular lot.

TELEPHONE bidders will receive a call from the auction room just prior to the lot being offered for sale.

INTERNET bidding will require an additional pre-authorisation via Essential Information Group (EIG) who will run this service on our behalf. This authorisation will be via an e-mail that will be sent to you for you to validate and register on their website once your £2,900 has been received. Please be assured that all information shared is strictly confidential.

There is no charge for this remote bidding service however the provision of a telephone or internet connection service is not guaranteed. Such services may not be continuous and may be interrupted by factors within or outside of our control. The remote bidder accepts that Phillip Arnold Auctions (and EIG for INTERNET bidding) will not be held responsible for any bid that fails to be received or is delayed or where the bid is made in error.

All remote bidders, whether by proxy, telephone or internet, accept that their offer is legally binding and that if the hammer falls at their final bid then the Auctioneer has full legal power to sign the contracts on their behalf. It is therefore assumed that the remote bidder has carried out their due diligence prior to registering their bid and that they are responsible for ensuring that they are aware of any addendum to the property. Up until the day of the auction any changes will be posted on the auction website and announced at the start of the auction. However it is the responsibility of the remote bidder to check this information prior to auction.

Please note that you will be buying subject to the Special Conditions of Sale (contained with the legal pack) and it is your responsibility to read through the document prior to putting your bid forward. In the event of a major amendment on the day being necessary, and the Auctioneers not receiving further instructions from you as a remote bidder, then the Auctioneer reserves the right not to bid your behalf.

PLEASE NOTE: THE AUCTIONEER'S DECISION IS FINAL
