END OF TERRACED SHOP AND UPPERS WITH DEVELOPMENT POTENTIAL

The property comprises a two storey semi-detached former card shop benefitting from a roller shutter and on street parking within the vicinity. The accommodation comprises ground floor trading area with rear storage area. The first floor accommodation is accessed via an internal staircase and is split into various rooms. We have been verbally advised by the vendor that there has been consent given for residential use many years ago comprising two first floor apartments and an office to the ground floor. Any intending purchaser should make their own planning enquiries in this regard. There is a great deal of regeneration going on within the immediate vicinity. The property is located in Burslem close to the town centre within an area of both retail and residential property. It is sold with vacant possession.
